

## Guide to BRBC church services

[Able to come? We need you to RSVP weekly at \[brbible.org\]\(http://brbible.org\).](#) (We continue to need an RSVP for planning purposes. Thank you!) Or join the livestream during each service at [brbible.org](http://brbible.org).

### What to know about indoor services (9:00am & 11:00am):

- The sanctuary and all frequently touched places are sanitized prior to the service.
- Arrival time - Please remain in your car until the building opens (15 min prior to the service). At those times, greeters will prop open the doors and smile and wave so you know you can enter!
- Entrance and exit - Please enter via the lower entrance only and please exit via the upstairs entrance only. (Drop-offs as needed are still fine at the upstairs level.)
- You will need to bring a mask to enter, and we'll have a limited stock at church for those who forget. Due to the governor's order, we are choosing to comply (ages 10+). Staff and those serving will be wearing masks.
- To practice social distancing, we need to keep 3 seats between each family unit. The balcony is open, and has typically been very empty, if you prefer more space around you. The balcony will follow these same arrangements above. Please help us and be considerate and flexible.
- Children are welcome! Families, feel free to bring what you need to make the time manageable for your kids.
- At the end of the service, we'll dismiss by row for you to fellowship outside; please be sure to move past the doors and exit area so that others who exit can continue to social distance.

### What to know about what is offered for kids and families:

- NEW! In the Quad classroom, we'll be streaming services downstairs for a more kid-friendly venue, if helpful to your family. The quad will have several kid-fences, several small tables, coloring sheets, and crayon packets. Noise welcome! Come try it out.
- In the sanctuary, here are several ideas we're seeing from various moms and families: *For ages 1-2:* Use the newly-purchased "collapsible fence areas" that are stationed around the back of the sanctuary however helpful! *For ages 3-5:* Pack a backpack of small "surprises" that your child can have fun exploring during the sermon! Pass on other ideas as you have them and continue to give us feedback.
- Pick up a kids packet of coloring sheets and activities on your way in! While we don't yet have the ability or volunteers to return to childcare for ages 4 and under, weekly resources are being offered, as well as a service segment aimed toward kids, and are also available at [brbible.org/kids](http://brbible.org/kids).

### Things to know for either service:

- We encourage you to maintain good social distance, practice good hygiene by using your elbow to cover your cough, do not touch your face, and wash your hands frequently.
- Use the restroom before you get here! They are available to use; we are simply trying to limit movement. Please try not to get up during the service.

- Please keep your children with you. There is no childcare at this time.
- For those whose age or health prevents you from gathering at this time, or if you are sick, please attend the livestream. At this time, livestream will be temporarily available at 11:00am only at [brbible.org](http://brbible.org).

**Able to come? We need you to RSVP weekly at [brbible.org](http://brbible.org).** (We must have an RSVP due to reduced seating. Thank you for bearing with us in this! We will adjust weekly as we learn.)

**Note from your staff:**

*As we continue to make plans, adapt, and learn how to trust God in these circumstances—we are mindful of the joy that comes as we are able to gather together in-person. (And with newfound gratefulness for what we may have taken for granted in the past!) Yet we are also aware of the greater joy produced by God's Spirit in us, as He binds us together and creates unity. He does this regardless of our physical location. Let's be encouraged to lean into the Holy Spirit in these coming days and weeks, as changes and circumstances continue to unfold.*

*Practically speaking, this is a "new normal" for all of us. We ask you to please bear with us as we work to provide a safe environment for all, as we monitor and comply with guidelines from our governing officials, as well as pray and seek God each step of the way. Let's each continue to be very considerate of those around us! Thank you!*
