

Project Proposal to Submit to Local Outreach team

Local Outreach Mission Statement:

The Local Outreach team will regularly present a variety of opportunities for the members of BRBC to be better equipped to share the gospel and opportunities to interact with people who need to be encouraged or exposed to a relationship with God.

Local Outreach Criteria used for assessing new ideas -

When presenting a new opportunity to the Local Outreach team, please present a written proposal, with a clear goal, and your reasoned process to attain that goal.

Also address each of the following issues in your written proposal:

- Does the proposed idea duplicate something being done/or in the works at BRBC, or is it already being done in the community?
- Is there opportunity for a direct impact in our community of Purcellville and Western Loudoun County? If yes, define/document the potential impact.
- Does the proposed idea allow 5 or more BRBC members to be significantly involved (in developing/staging/volunteering) so that our members have opportunities to represent Christ?
- How likely is it that this opportunity will give rise to opportunities to talk about the gospel?
- How much direct conversation with unbelievers would there be at this event?
